

## CLASS A

With its remarkable precision, Turboprint A mixes very easily and has a homogeneous consistency. It offers excellent quality impressions.

## CHROMA

Turboprint Chroma changes colour during the different phases of work, indicating the different setting times with precision.

## ORTHO

Turboprint Ortho ensures high precision impressions.

## ORTHO SPEED

Due to its extremely fast setting stage, Turboprint Ortho Speed reduces the risk of distortion and gives high precision impressions.

## Why choose Turboprint R&S?

**+ Excellent mechanical resistance**  
Resistant to tearing and distortion when withdrawing and removing the impression model.

**+ High elastic memory**  
Allows for an accurate reproduction of details.

**+ Excellent dimensional stability**  
Ensures a long storage period for impressions: 48 hours.

**+ "Snap Set" effect**  
Ideal balance between working time and setting time in mouth: long working time, short setting time.

**+ Fast water absorption**  
Ensures easy mixing.

## Advice from our professional dentists

**>** The temperature and hardness of the water affect the setting time: a higher temperature speeds it up, while a lower temperature slows it down.

## Comparison and Use

	Class A	Chroma	Ortho	Ortho Speed
 <b>Adult Dose</b>	Powder: 18g + Water: 36ml			
 <b>Mixing time</b>	30 sec*.	45 sec*.	30 sec*.	30 sec*.
 <b>Working time</b>	1 min 10 sec*.	1 min 35 sec*.	1 min 5 sec*.	1 min 5 sec*.
<b>+</b>				
 <b>Setting time in mouth</b>	1 min*.	1 min*.	45 sec*.	25 sec*.
<b>=</b>				
<b>Total setting time</b>	2 min 10 sec*.	2 min 35 sec*.	1 min 50 sec*.	1 min 30 sec*.

\* Times observed with distilled water at 23°C. The temperature and hardness of the water affect the setting time: a higher temperature speeds it up, while a lower temperature slows it down.

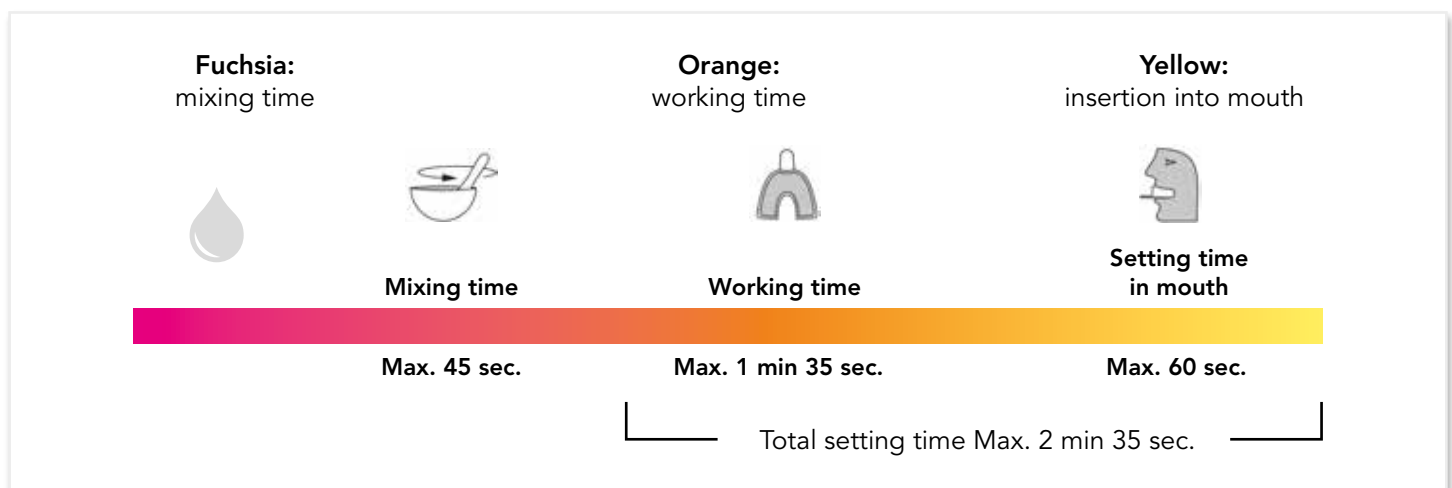

PRODUCT FOCUS

**Turboprint**  
CHROMA

even easier!

This practical alginate changes colour during each stage of the impression, facilitating the preparation and success of the procedure.

Three colours indicating each stage of the total setting time:
